ARTHUR M. WIRTZ

The Chicago Black Hawks have been one of Chicago's greatest assets as far as giving the city stature and glamour.

The past two seasons the Black Hawks have been champions of the West Division, winning the Campbell Cup, emblematic of leading their division.

Before that, the Black Hawks were in the East Division and in their final season in that division, won the Prince of Wales trophy, for leading the division. So, they can boast three straight championships.

Arthur M. Wirtz is Chairman of the Black Hawks and has been associated with the National Hockey League almost since its infancy. Along with his partners and associates he has played an important role in the development of hockey to its present popularity. He is a member of Hockey's Hall of Fame.

Through his pioneering efforts in the field, the Black Hawks have more games on television than any other team, with all road games plus three pre season games done live on WGN-TV. The Black Hawks also do all of their home games on radio on WMAQ.

Mr. Wirtz also has worked hard in an effort to add adequate parking to the area. These efforts have paid off to the extent that now there is more than enough parking space within a block and a half of the Stadium. He also installed new lighting throughout the area to make it convenient for the customers.

WILLIAM W. WIRTZ

William W. Wirtz assumed the presidency of the Black Hawks in 1967 and in those six years that he has been the chief operating officer, the Black Hawks have won four league or division championships.

Besides his almost never ending involvement in the day to day operations of the Black Hawks, Bill Wirtz has just completed two years in which he was chairman of the National League Board of governors. During his term the league undertook many innovations and expansion programs which have helped create the highest rate of popularity in the sport in its history.

In the recent International series with Russia and Team Canada, which was composed of All Stars of the NHL, Bill played an important role by acting as liaison officer for the league. He attended the games in Sweden and Russia.

Bill always had time to work closely with General Manager Tommy Ivan and Coach Billy Reay in keeping the Black Hawks top contenders in the league as well as in their own Western Division.

Michael Wirtz is a Vice President of the Black Hawks and like his brother has grown up with the sport and the team.

Arthur Morse is General Counsel of the Chicago Black Hawks and also serves as the alternate Governor of the National Hockey League.

Arthur has long been associated with sports and is responsible for the development of the College Double Header Basketball games which are played in Chicago Stadium. He is assistant athletic director of Loyola University.

ARTHUR MORSE

THOMAS N. IVAN

GENERAL MANAGER

Born: Toronto: Ont.
Jan. 31, 1911

TOMMY IVAN just completed his first 25 years in the National Hockey League and with the beginning of this season starts on his second quarter century.

An injury ended his playing career while he was an outstanding player in the Canadian Amateur Association Senior Series, but his accomplishments as a coach and general manager are tremendous.

Ivan began his pro career as a scout in the Detroit Red Wings organization and in 1945-46 began coaching Omaha Knights of the old United States Hockey League.

THE FOLLOWING season he coached Indianapolis in the American League and moved into the NHL as coach of the Red Wings in 1947-48. At Detroit Ivan's Teams won six straight NHL championships and three Stanley Cups in seven years.

In 1954-55 he left Detroit to join the Chicago Black Hawks as general manager, combining that position with coaching for one and a half seasons following the fatal illness of Dick Irvin.

IVAN IS CREDITED with much of the success in molding the Black Hawks into a strong club through a fine farm system which he helped rebuild. Under his tenure as general manager, the Hawks won their first Stanley Cup title in 23 years, in 1960-61, and their first NHL title, in 1966-67 with another league title in 1969-70 and 2 West titles in 1970-71 and 1971-72.

Tommy and his wife, Dorothy live in Lake Forest.

WILLIAM T. REAY

COACH

Born: Winnipeg, Man.
Aug. 21, 1918

BILLY REAY'S coaching career is unique in the fact that he coached before he played in the NHL. He has also been a Chicago coach longer than anyone else in the team's history. Reay, now in his ninth season behind the Chicago bench, was playing coach of Quebec Aces in 1943-44 when the Quebec Senior Hockey League champions won four games with Detroit Red Wings (two in each of the 1943-44 and 1944-45 seasons). Reay is remembered as a light-weight center (155 pounds) for eight seasons with Montreal Canadiens.

After retiring from the NHL at the end of the 1952-53 season, Reay became playing-coach for two seasons with Victoria Cougars in the Western League and then moved to Seattle in the WHL for the 1955-56 term.

THE FOLLOWING season he coached the new Rochester entry in the American League. In 1957-58 he was appointed coach of Toronto Maple Leafs.

After his tenure in Toronto, Reay joined the Black Hawks organization, coaching Sault Ste. Marie in the Eastern Professional League for one season and then Buffalo Bisons in the AHL for two terms.

BILLY COACHED Buffalo to league and playoff titles in 1962-63. He is the Dean of coaches in the NHL. His team won the Prince of Wales title for the first time in Black Hawk history in 1967 and again in 1969-70. He made it 4 titles in 6 years, last year with the West Division Championship the last 2 seasons.

Billy lives in Chicago with his wife, Clare and son Bill, Jr. who is a junior at Wisconsin. He also has a married daughter and granddaughter in Toronto.

MEET THE TRAINERS

CHARLES (SKIP) THAYER

Charles, (Skip) Thayer, 30, is the first hockey trainer in the NHL to be college trained. He took his degree from the University of Maine and his Masters from Indiana University. After serving as trainer for all sports at Colby College in Waterville, Me., he joined the Black Hawks three years ago.

Skip is married and he and his wife, Nancy live in Lombard the year around with their three sons, Scott 9, Stephan 5 and Gregory 2.

LOU VARGA

Lou Varga served as the trainer for the Black Hawks' Central League entry for five years in St. Louis and Dallas. He and Skip Thayer combine their talents as trainers for the Black Hawks and Lou also handles the equipment. Lou and his wife, Helen make their summer home in Welland, Ont. He also will be starting his fourth season with the parent Black Hawks.

6

LOU ANGOTTI

CENTER

Shoots right 5'9" 171 lbs.

Born: Toronto

January 16, 1938

Because of his constant hustle and willingness to work, Lou Angotti is one of the most popular players ever to wear a Black Hawk uniform.

Lou has now played on five championship teams in the past six years, including four in Chicago and one in Philadelphia, and he has been a big part of those titles mainly for his spirited play at crucial times.

At one point during the 1971 Playoffs, Lou was having such a great time that a Toronto writer referred to it as the "Lou-Angotti-Walking-on-Water-series."

Billy Reay has praised Lou many times for his ability to jump off the bench at any time and go full speed, no matter how little notice or warm up he has had.

There are many players in the league and even on the Hawks with greater ability but few bigger hearts and more spirit in the clutches.

Lou and his wife have two sons, Jeff and Mike.

He is one of the many college products on the Hawks, having been an All-American at Michigan Tech, which is also Tony Esposito's Alma Mater.

23

JEAN PIERRE BORDELEAU

RIGHT WING

Shoots right 6' 160 lbs.

Born: Noranda, Que.

June 6, 1949

J. P. Bordeleau was the Hawks top draft choice three years ago and he has made steady progress through the farm system since then, giving the Hawk brass no regrets about their choice.

Last season Jean led the Central League with 41 goals and helped the Dallas team win the league title and the playoffs.

A very good skater, Bordeleau has the moves of a major leaguer right now and lacks only NHL playing time to put the finishing touches on a career that could be one of the better ones in the league.

Although he is a string bean with his gangling six foot frame holding only 160 lbs., Jean is rough in the corners and isn't afraid to mix it up. He also has the advantage of speed so that few defensemen can pen him on the boards.

His hobbies include golf and all other sports. He and his wife, Mary have a seven month old daughter, Nicole.

35

ANTHONY JAMES ESPOSITO

GOAL

Shoots left 5'11" 185 lbs.

Born: Sault Ste. Marie, Ont.

April 23, 1944

Tony Esposito after three great years in Chicago, has joined the ranks of Black Hawk tradition of great goalies.

He has two Vezina trophies in three years and has become a mainstay in the overall Chicago picture.

After one of the most sensational rookie years of any athlete in 1969-70, the big question with Tony Esposito was whether it was just a fluke or whether he really was that good.

Well, his second season, which is supposed to be a "jinx" for most athletes was in many ways better than his rookie year.

While he didn't repeat his record breaking 15 shutouts of his previous season, he had six in 1970-71 and nine last year when he led the league again.

Tony's most solid attribute seems to be his consistency. He is the same guy when he is in a hot streak as he is after a tough defeat. He never makes excuses for himself, although he has been known to make them for his teammates.

One of the many college grads on the Hawk team, he uses his education to make himself a better player and also to further his own interests while at the peak of his playing career.

He enters each game well prepared. He can tell you about the lowliest rookie in the league and what his best shot is and where he should play him. While many fans have had a hard time trying to fit Tony into a category of goalie styles, the fact is that Tony has no set style. He plays each man the way it is best to stop him.

Tony and his wife Marilyn own their own home in Elmhurst and with the newest arrival this summer, now have two children, Mark and Jason Patrick.

DENNIS HULL

LEFT WING

Shoots left 6' 198 lbs.

Born: Pt. Anne, Ont.

November 19, 1944

Starting his eighth full season with the Black Hawks, Dennis Hull has already written many chapters in Chicago hockey history, with what many claim is the hardest shot in sports.

No athlete works any harder than Dennis does to help his team, skating up and down the ice, helping his linemates with checking and also with hard body work. And he never has backed away from face to face contact if any one tries to intimidate him.

Dennis has been a Black Hawk all his athletic life, starting with his days in St. Catherine's and jumped right to the Hawks when he turned pro.

Dennis has one record which he would like to change. That is the honor of scoring two goals in 29 different games, and yet, never having been able to get that third one for a hat trick.

While no such records are kept, Dennis must have some sort of title for two goals games.

He also must have some sort of mark for knocking goalies unconscious in mid game. Few goalies have escaped the furore of his shot and when they take one on the face, even with the mask, they usually need from 10 minutes to a month to recuperate.

Quiet and soft spoken, Dennis is always there with the right word when one of his teammates needs a helping hand.

He has a home in Elmhurst with his wife Mary Sue, and spends much of the off season working at his hockey rink in Willow Springs. They have two children: Martha and John. He also has a cattle ranch in Ontario.

DOUGLAS JARRETT

DEFENSE

Shoots right 6' 3" 205 lbs.
Born: London, Ont.
April 22, 1944

Another of the man "home grown" Black Hawks, Doug played the Hawks' Junior team in St. Catharines and has never worn any other uniform.

Big enough and yet, fast enough, Doug has long been considered one of the NHL's top defensemen. In his younger days, he had trouble toward the end of each season when his stamina seemed to drain. However, he has overcome that, partly by keeping his weight a little higher. While he is considered more a defensive type of blue liner, Doug can skate with the puck and has the knack of putting it on somebody's stick for the big play when it is necessary.

His ability along the boards to stop opposing forwards, has gained him the nickname of "chairman of the boards." But he can also finish off a play with a good pass after he breaks up the other team's rush.

Doug and Dennis Hull have been almost inseparable since their days in St. Catharines.

He and his wife Mary Lou have five sons, Doug, Jr., Michael, David, John and Robert.

BLACK HAWK MILESTONES

Lou Angotti needs — 9 assists for 150

22

JERRY KORAB

LEFT WING

Shoots left 6'3" 205 lbs.

Born: Sault Ste. Marie, Ont.

September 15, 1948

Jerry wasted no time capturing the hearts of Chicago fans when he first came on the scene three years ago. He started out as a defenseman but his skating and his shot made it possible for him to move up front and add some brawn to the front line.

A product of Sault Ste. Marie, where the Hawks have been lucky over the years, finding such greats as Chico Maki, the Espositos and many others, Jerry also brings a pair of ready fists to the frey.

Still a little bit rough around the edges, each year he seems to pick up more finesse.

One of the eligible bachelors on the team, Jerry is a popular after dinner speaker in the off season.

BLACK HAWK MILESTONES

Dennis Hull needs — 29 goals for 200

25 assists for 200 — 54 points for 400

68 points for 200

20

CLIFFORD EUGENE KOROLL

RIGHT WING

Shoots right 6' 190 lbs.

Born: Canora, Sask.

October 1, 1946

A product of the college ranks along with his buddy, Keith Magnuson, Cliff was able to move right into a Black Hawk job after spending one season in Dallas.

While his 22 goals last season was his high for the NHL in three seasons, he as well as many of his fans felt that Cliff was playing in bad luck most of the year. Things seemed to go wrong for him many times when it looked as though he had a sure goal.

But the tip off on Cliff's value to the team was ability to score in the tough games. He seems to rise to the occasion when the Hawks are in a crucial battle. For instance, he had a streak of about 18 games without a goal, but broke out in a game against Minnesota when the Hawks were facing their closest rival at a time when a victory for the North Stars could have put the Hawks in a lot of trouble.

Also, Cliff always seemed to play his best in Playoff series.

His size and ability to work along the board makes him a valuable asset to Stan Mikita's line.

Cliff left the bachelor corps of the Hawks this summer, and he and his wife Lynnae took over the famous apartment which he and Keith shared for most of their three years with the Hawks.

17

DARRYL MAGGS

DEFENSE-FORWARD

Shoots right 6'2" 195 lbs.

Born: Victoria, B.C.

April 6, 1949

Big enough and strong enough, Darryl also has the puck sense to be good either as a forward or a defenseman. He spent most of last season learning and observing, playing only part time when he was needed to fill in some where. But in that time he showed Coach Billy Reay enough that he undoubtedly will earn a lot more important role on the team this season.

Maggs showed a knack of knowing where the puck was at all times. Also, his self confident attitude when he was moving in for the kill.

Darryl is the product of a Canadian Air Corps family which necessarily moved around a lot so he played hockey in all parts of Canada when he was growing up.

Still single, Darryl could become one of the most popular of the Black Hawk bachelor corps.

BLACK HAWK MILESTONES

**Pit Martin needs — 31 goals for 200 — 20 assists for 250
1 point for 400**

3

KEITH MAGNUSON

DEFENSE

Shoots left 6' 185 lbs.

Born: Saskatoon, Sask.

April 27, 1947

While Keith has become famous for his many fights and large number of penalty minutes, he actually is one of the most talented defensemen in the NHL.

He uses his head as much as his body when it comes to breaking up plays in front of his own net, but people remember his battles and his reputation precedes him into opposing towns where he is greeted with more boos than any other player.

This doesn't bother him, but it does bother him that he spent so much time in the penalty box instead of helping his own team. And for that reason, he has at least partially "reformed" lopping almost 100 minutes off his record last season after setting an NHL mark the year before with 291 penalty minutes.

He took boxing lessons two years ago at the famous Johnny Coulon's gym and then used his roommate, Cliff Koroll as his sparring partner to keep in practice.

Now, with Cliff getting married this summer, Keith has to find a new roommate to test his boxing skills.

A product of Denver U., Keith jumped right from the college ranks to the Hawks, and has become a household word in Chicago along with his flaming red hair and boyish grin.

In the off season he works for Seven Up in their promotion department and has been spending most of the entire year in the area.

Keith had a solid year last season, although he was recuperating from a knee operation which proved to every one that he has durability as well as good hockey sense.

He has learned to anticipate the opposing forwards and break up their plays with his head, and is now on the verge of becoming one of the really top blue liners in the sport.

16

RONALD (CHICO) MAKI

FORWARD

Shoots right 5'9" 172 lbs.

Born: Sault Ste. Marie, Ont.

August 17, 1939

Always one of the most versatile men in the NHL, Chico has helped out all over the forward lines of the Black Hawks during his 10 seasons.

He came up as a center, but prefers right wing, and has even filled in on the left side when needed.

One of the fastest men in the league, Chico has been a great checker because of his ability to get back to cover up. But more important is his ability to "cover up" for his teammates' mistakes and keep the play moving.

While he has scored 20 goals only once in his NHL career, he really has one of the better shots in the league, but spends most of his time setting up other people.

Has made the West All Stars the past two seasons and even scored the winning goal in 1971 for the West All Stars.

He's another home grown Black Hawk who started his hockey life in St. Catharines and gradually moved toward the majors. Among his other talents is his penalty killing ability which may be even more essential now that Eric Nesterenko has retired.

Chico has a great sense of humor and helps keep the dressing room loose.

He and his wife Nancy have three boys, Mike, Steve and James.

19

DANIEL MALONEY

LEFT WING

Shoots left 6'2" 190 lbs.

Born: Barrie, Ont.

September 24, 1950

Big Dan Maloney brings to the Black Hawks that rough and tough style needed to keep everyone honest when it comes to trying to push around the Martins and Mikitas and others that Chicago fans have come to depend on for the big goals.

Dan's parents came right from the auld sod and he throws his fists like a real fighting Irishman. Two years ago when he spent the season with the Hawks, Dan showed some of the best punches in Chicago Stadium since Rocky Marciano knocked out Joe Walcott there.

When asked where he learned to fight, Dan says, "When you're on skates, all you do is try to get in the first shot. There's no science when you might slip on the ice any time, so you have to score fast." And that's just what he does. He has two of the fastest hands ever seen and an Irish temper to match.

His first Black Hawk goal is typical of Dan's will-to-win. He came in for a shot and got knocked down, but while lying virtually on his back, he flicked his stick to knock the rebound past the goalie. In other words, Dan doesn't give up.

Last season he played in Dallas and helped the Hawk farm win first place and the playoffs. He had 25 goals and 70 points. Both Tommy Ivan and Billy Reay feel that season was enough to get Maloney ready for major league hockey and he could be around a long, long time and become one of the real heroes with Hawk fans.

He was the Hawks' first draft choice two years ago and while the Hawks didn't get a shot until the 14th round, they really hit gold when they got Big Dan.

He is married and his wife's name is Sussane.

HUBERT (PIT) MARTIN

CENTER

Shoots right 5'9" 170 lbs.

Born: Noranda, Que.

December 9, 1943

Not yet 29 years old, Pit Martin is starting his 10th year in the NHL and continues to be one of the most valuable members of the Black Hawks.

A top rated center, Martin can do more things well than almost any one in the league. He plays with any one and makes them about 20 per cent better than they were with other centers. He never complains when others get the headlines but when he does open his mouth it is usually to aim right at the heart of things.

He is one of the fastest men in the league, especially from a standing start. While he can shoot with the best of them, he is more than willing to make the big play for his wings. Jimmy Pappin, for instance has scored more goals playing with Martin as his center than he ever did with any one else. Dennis Hull can attest to Martin's play making ability, too.

Pit's small, wirey frame makes him a natural for any type of dress. If you were to meet him walking down Michigan Blvd., you would take him for a bank executive rather than an athlete because of his dapper style and poise.

He's one of the several college men on the Hawks with a degree from Windsor college. His slight French accent sets him off from every one and gives his speech an individual quality.

He and wife Pat have a daughter, Nicole.

21

STANLEY MIKITA

CENTER

Shoots right 5'9" 170 lbs.

Born: Sokolce, Czechoslovakia

May 20, 1940

Long one of hockey's super stars, Stan Mikita continues as the "spirit" of the Black Hawk organization, the man around whom the youngsters can rally. Quick with a quip, and faster with a flick of the puck into an enemy net, Stan is the envy of most NHL teams looking for that one big name to build their team.

Aggravated by some injuries the past couple of years, Stan seemed to shake his woes toward the end of last year and is expected to be the Mikita of old this season.

When teamed with Kenny Wharram, the famed "Skooter Line" was the scourge of the league. Last year, Stan had trouble finding a left wing to make his line go. If this problem is solved this year, Stan and Cliff Koroll could get their line back to where it was once both offensively and defensively as good as any in hockey.

He has been named to six first team and two second team all star lineups and the past two seasons led the West All Stars at center.

While Stan has led the league in scoring three times, he is most proud of his defensive record and tries to instill this same feeling into his line mates.

Stan and his wife Jill have a home in Elmhurst where they live with their four children, Meg, Scott, Jane and Christopher.

18

BRIAN OGILVIE

CENTER

Shoots right 5'11" 180 lbs.

Born: Stettler, Alta.

January 30, 1952

What's it like to be a rookie in training camp? That is a question many of us have thought about at one time or another. To BRIAN OGILVIE the Black Hawks No. 2 draft pick this last summer, it means the chance to fulfill a dream that started about four years ago. Brian started playing hockey at age four and progressed through the leagues that all youngsters in Canada play in, on their way to the N.H.L.

He started his junior hockey career at 15 with the Red Deer Rustlers in Alberta, and played with them for three years until he was picked up by the Vancouver Nationals of the Western Hockey League. He became captain of the Vancouver team but asked to be traded half way through the season because as Brian stated "they were too concerned about politics rather than playing hockey and that wasn't what I wanted." He was then traded to the Edmonton Oil Kings of the Western League where he started concentrating on making the N.H.L.

The Oil Kings lost out in the playoffs last year even though favored, but the team contained some of the top draft picks selected this last year in the N.H.L. draft. Brian was selected No. 2 by the Black Hawks behind Phil Russell one of his teammates at Edmonton. Brian was thoroughly pleased to be selected by the Black Hawks and came to training camp wanting to prove it.

As for the rigorous training schedule, Brian is used to it because playing in the Western Hockey League as a junior there were many nights and days of 20 hour road trips by bus that he said took a lot out of the players. Having to prove yourself in the big leagues is a different story, and this kid has the attitude and the ability to make it. As for his personal life Brian and his new bride of 3 months, Gail, live in Stettler, Alberta. Look for big things to come from this kid because he has the desire and ability to make it in the N.H.L.

JAMES JOSEPH PAPPIN

RIGHT WING

Shoots right 6'1" 190 lbs.

Born: Sudbury, Ont.

October 10, 1939

Big Jim Pappin is starting his fifth season with the Black Hawks and has scored 107 goals in his first four seasons for the Chicagoans.

Playing most of the time with Pit Martin, Jim is as dangerous as anyone around the net, but more important, he is always at his best in the tough games, especially in the playoffs.

Many times in the past the fans have gotten on Big Jim, because they felt he wasn't going as hard as he could. The fact is he was going too hard and getting himself tightened up because he is his own severest critic. And when things don't go right he gets down on himself.

Lately, with Martin keeping him moving, this hasn't happened so much and Jim was much more consistent last season.

He has a great shot and with his size, he makes a perfect foil for a guy like Martin.

Jim doesn't seek personal glory but when a newsman picks on a teammate, Jimmy is the first one there to defend him.

When he first came to the Hawks he had trouble adjusting but he has found that the Hawks back up their men and he now is one of the "old timers" in the organization and feels more at home.

Jim and his wife Karen have two children Merrill, 8 and Arnie 5.

PHIL RUSSELL

DEFENSE

Shoots right 5'11" 190 lbs.

Born: Edmonton, Alta.

July 1, 1952

A summer vacation in Bermuda was how Phil Russell celebrated being picked first by the Black Hawks this past summer in the annual hockey draft. The big defenseman of the junior hockey league Edmonton Oil Kings was very pleased by being the No. 1 pick of the Black Hawks, and from every indication so far, could be the next super star of the N.H.L.

"I only hope I can make the Black Hawk organization as happy as they have made me by selecting me first." Phil still thinks he has a lot to learn about the N.H.L. but is really pleased with all the help he has gotten from the Hawk veterans so far. "The veterans can really teach you a lot and so far they have been a big help to me." Phil can play both ways and he also is an excellent playmaker, as he has shown so far. Determination and ability are his top qualities. His home town is Edmonton, Alberta where he played his junior hockey and grew up.

He loves to play golf and also likes to water ski, but tries to spend his summers relaxing and travelling at the same time. He spent his past summer in Bermuda just soaking up the sun. He is looking forward to the coming season with the Black Hawks and he could be just what the Hawks need to help bring home the Stanley Cup.

He scored 14 goals and 45 assists last year. — Not bad for a defenseman.

1

GARY SMITH

GOALTENDER

Shoots left 6'4" 215 lbs.

Born: Ottawa, Ont.

February 4, 1944

The biggest man on the Black Hawks, Gary is also big around the goal net where he picked up four shutouts last year to help the Hawks lead the NHL in shutouts and win the Vezina trophy along with Tony Esposito.

Coach Billy Reay always had a high regard for Gary and when it was possible to get him in a trade, the Hawks wasted no time. The year before Gary had played 71 of 78 games for California and was near a nervous collapse. It took him about half the season to realize that he had plenty of help on the Hawks and wouldn't have to put in that much time all by himself.

His father, Des Smith played for the Bruins and Black Hawks back in the 40's.

He has an easy going personality which makes him interest copy for newsmen. He is candid but logical in all his comments. His good looks and poise make him a much sought after speaker at various functions. Because of his outgoing personality he enjoys that sort of thing.

He has an easy-going personality which makes him interesting as a guest speaker.

He and his wife Vicki live in Park Ridge. Their first son, Marshall was born Sept. 17.

PATRICK JAMES STAPLETON

DEFENSE

Shoots left 5'8" 185 lbs.

Born: Sarnia, Ont.

July 4, 1940

Paddy Stapleton along with Bill White probably make the best pair of blue liners in the league.

With big tall, Billy on one side and compact little Paddy on the other, they can do anything necessary both to keep the other guys from scoring and to set up a play for their own men.

Pat has been with the Hawks as a regular since 1965-66 after spending most of his younger days in the Hawks' system. But he got away for a short time when he was drafted by Boston, but Coach Billy Reay made him his first priority when he became coach to get him back.

Father of five, he and Doug Jarrett are tied for the lead in productivity. The Stapletons, along with Mrs. Jackie, make their home in the Western Suburbs where Pat has two skating rinks.

He and White were very instrumental in the NHL All Stars beating the Russians this fall, although they were not used in the first game when the Russians stormed all over the ice. Then the coach got the idea . . . and Pat and Bill . . . Mutt and Jeff took over.

BLACK HAWK MILESTONES

Cliff Koroll needs — 24 assists for 100

2

WILLIAM WHITE

DEFENSE

Shoots right 6'2" 192 lbs.

Born: Toronto
August 26, 1939

Probably the best defensive defenseman in the National Hockey League, Bill knows how to use every part of his anatomy to keep an opposing forward out of scoring position.

A quiet man with a gracious smile, Bill is always there when he's needed. Teamed for the past three years with Pat Stapleton, they make a Mutt and Jeff combination that was hard to beat and the Russians found out as soon as the NHL coach decided to use them that they are both All Stars.

Although Bill doesn't have a reputation of goal scoring he always comes up with his six or seven per year. Last season he had seven with 22 assists. He even potted one against the Ruskies just to show them he goes both ways.

A protege of the great Eddie Shore, White was probably Eddie's favorite player. A glint always comes to Shore's eyes when he speaks of his big defenseman.

Bill lives in Park Ridge during the season with his wife Gail. They have three daughters Kimberly, Karrie and Kristen.

BLACK HAWK MILESTONES
